SUMMARY

Full-Stack web developer with experience in client relations, administration, and systems analysis. A natural problem solver with excellent language skills; including listening, comprehension, and clear expression. Excels in a position that involves solving both daily problems with a high level of detail as well as larger, more complex issues.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript
Technologies: React JS, MongoDB, Node JS, MySQL, GraphQL

PROJECTS

Virtual Menorah - https://spacial-fray-menorah.netlify.app
Inspired by the fact that Hanukkah will be celebrated over Zoom this year, here's a virtual Menorah you can light on screen.

Animated Portfolio - **https://spacial-fray-capture.netlify.app**
A mock-portfolio website that heavily features animations powered by framer-motion.

Let's Roll - **https://gt-lets-roll.herokuapp.com**
Final Bootcamp project; a social media app for quad skaters to share information about where and how to skate.

EXPERIENCE

Executive Assistant to the CEO   *August 2018 - October 2019*
Jar House (Atlanta, GA)

- Assisted with ETL of property data for company-wide shift to SalesForce.
- Built custom SalesForce report types to manipulate complex object relationships and produce reports for various departments' needs.

Patron Services Manager   *November 2014 - June 2018*
Seraphic Fire (Miami, FL)

- Served as the primary point of contact for all external communications, handling all patron interactions with the highest level of professionalism.
- Managed SalesForce database of all donations, donors, and ticket buyers. Assisted with data migration through two complete software transitions of a database containing about 30,000 contacts.
